

RESOLUTION NO. 2011-12

Applicant: Hovbros Berlin LLC

Property: 20 Genova Drive
Block 2203 Lot 13

Development: Montebello Age Restricted Development

Application to permit construct of a home with a rear yard set back variance of 13 feet (18 feet granted previously).

RESOLUTION OF THE BERLIN TOWNSHIP PLANNING/ZONING BOARD
GRANTING A VARIANCE TO PERMIT THE CONSTRUCTION OF HOME WITH A REAR YARD
VARIANCE OF 13 FEET

WHEREAS. The applicant appeared before the Board on January 25th, 2011 and is proposing to construct a home on Block 2203 Lot 13, and request the granting of a variance to construct home with a rear yard variance of 13 feet, and

WHEREAS. The applicant appeared and was represented by the firm of Gerstein Grayson & Gohen LLP. Also appearing with the applicant was James J. Maddonni PE, PLS, CME and Robert G. Hall P.P.

WHEREAS. Following a review of the application, the Board determined that;

1. The Board determined that the application was properly before the Board and the proof of notice and publication is appropriate.
2. The applicant submitted a survey plan prepared by James J. Maddonni, Professional Land Surveyor dated 11/19/10. The plan shows the rear yard set back.
3. The applicant testified that the need for the variance is the result of the introduction of different style homes for the development. The applicant testified that the adjoining lot is built and occupied thus making it impossible to secure more land to adjust the lot line.
4. The applicant also presented testimony that the granting of the front set back variance will have a positive affect on the development and promote the general welfare by infusing a variety of home design. The applicant stated that he would not construct homes of similar models on lots nest to each other.
5. The board determined that the granting of the rear yard variance will not create a substantial detriment to the community nor is there a substantial deviation from the intent and purpose of zoning in the area.

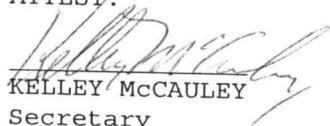

NOW THEREFORE, BE IT RESOLVED, by the Planning/Zoning Board of the Township of Berlin that the application for a variance to permit the construction of a home with a rear yard variance of 13 feet as shown on the plan be and is

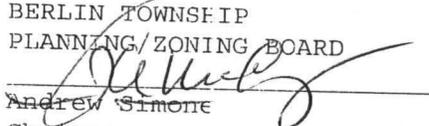

hereby granted.

BE IT FURTHER RESOLVED that as a condition to the granting of the variance, the following conditions apply;

1. That the applicant provides written notice to homebuyers that the lot size and set back prohibits the construction of a "Deck" and or "Patio"
